Heavy Duty - High Power LED Warning Lights

LED400E SERIES

Built to last the life of the vehicle

· 12/24V, High Impact LED Beacon
· Black painted or anodized base
· 7" or 8.5" tall versions
· Clear Smooth Outer Dome
· User Select Flash patterns
· Pipe Mount and Mag Mt. options
· Meets SAE Class 1
· Meets Cal Title 13
· 3 Year Warranty

Recommended for Commercial Vehicles, Construction, Utility, Municipal, Landscape and Snow Plow Applications

LED400EIH-A

LED400EI-A

LED400HD SERIES

· 12/24V, Aluminum Base & Top, Polycarbonate Lens
· The Ultimate "Sealed Lamp"
· 5.5" x 6.5" Diameter, Built in 1" NPT Female Fixture
· User Select Flash Patterns, Meets Class 1 in Hex Flash
· See flash pattern options on page 4 in blue

Recommended for Mining, Off Road Construction, Heavy Hauling, High Vibration Applications

LED400HD-A

LEDQ750 SERIES

· 12/24V, Aluminum Base, Polycarbonate Lens
· High Power LED - Hex Flash Pattern Only
· Two bolt mount for permanent unit
· Coiled cord and plug for magnet mount
· 6" tall x 6" diameter

Magnet Mount version recommended for Rural Postal Carriers, available in either Amber or White

LEDQ750M-A

LEDQ750-A

HIGH IMPACT - VERSATILE LED WARNING LIGHTS

· 12/24V DC, 1.6A Max
· LED901-A: HEX Flash Only - SAE Class 1
· LED925-A: User Select Flash Patterns
· Polycarbonate smooth outer dome
· Optic enhancing inner lens
· Drop-In Replacement for DFS900-A

Recommended for Long Haul, Oversize Load, Construction and Utility Vehicles

User Select Flash Patterns include:
· *Single Flash, 60 FPM*
· *Quad Flash, 72 FPM*
· *Triple Flash, last flash lingers*
· *Progressively Brighter Flash*
· *Hex Flash, 60 Bursts per minute*

LED925-A

LED625MX-C/AC

Dual Color LED Beacon
· LED625 Two Color Options, 12/24V DC only
· Clear Outer Lens, 2 LED colors inside
· User Select Flash Patterns
· Permanent, Pipe or Magnet Mt. available

· 12/24V DC, 1.2 - 1.6A Max
· LED625 meets SAE Class 2
· LED675 meets SAE Class 1 (Hex Flash)
· User Select Flash Patterns on all models
· Flange Base, Magnet or Pipe Mount
· 4.5" Lens standard, 6" Lens available
· 120V AC version available
· See flash pattern options above in BLUE

Recommended for Landscape, Snowplow, Medium Duty Construction, Utility, Municipal, Rural Postal Carrier

LED625-A

Portable - Battery Powered LED Warning Lights

PSLM2HP100 SERIES

· Features a Rechargeable Lithium Ion battery
· Charges from 12V or 24V power source
· 7 High Visibility Flash Patterns, User Select
· 10 High Output LEDs, 28W
· Amber Polycarbonate smooth outer dome
· Combination Magnet - Suction Cup Mount
· Estimated Six Hours of operation on full charge
· 120V Charger available at additional cost
· Remote Control Operation Optional >

PSLM2HP100-A

PS-HDL2
(Cone Handle)

CAVLEDFL150-A (ADD SOUND TO YOUR WARNING DEVICE)

· Rechargeable Lithium Ion Battery, 12V Charger Included
· 120V AC Wall Charger also included
· 87 dB Piezo along with Powerful LED Beacon
· 60 Beeps/minute, Optional use without sound, Flash only
· Magnet base, now with suction cup included (Spring 2024)
· Push Button On/Off and Visual display of battery level

CAVLEDFL150-A

PSLM2H SERIES

Two Versions - Requires 2 "D" batteries not included
· PSLM2H-X operates with the On/Off button only
  - Available Amber, Blue, White, Green and Red
· PSLM2HRC-X turns On and Off with button but can be operated with the remote control (pictured)
  - Available in Amber and Red only
· Operates up to 150' away
· 200+ Hours on one set of "D" batteries
· Both versions include a magnet base

Recommended for Short Term Applications where a Magnet Mount Warning Light is required with Remote Operation

PSLM2HRC-A

PSLM4 SERIES

· Portable Battery Powered Flashing LED light
· 4.75" Tall x 4.5" Diameter
· Requires 2 "D" Batteries, not included
· 300+ Hours per set of batteries
· Magnet Mount base standard
· 75 lb. pull magnet base optional (ex: PSLM475-X)
· Optional Photocell operation for night time use only
· Available in Amber, Red, Blue, Green & White

Operation:
1. Push button in fully to turn On and Off
2. Push button partially to change flash patterns

For use wherever a portable signaling device is required to indicate a safety situation or notification. User select flash patterns allow the user flexibility in the message conveyed.

Features 4 Distinct Patterns:
· Single Flash
· Double Flash
· Simulated Rotating
· Steady Burn

PSLM4-R

6

PSLM2 SERIES

· All Purpose Flashing LED Warning Light
· 5" Tall x 4.5" Diameter
· Features 60 Triple Flashes per minute
· Requires 2 "D" Batteries, not included
· 300+ Hours per set of batteries
· Magnet Mount base standard
· 75 lb. pull magnet base optional (ex: PSLM275-X)
· Optional Photocell operation for night time use only
· Available in Amber, Red, Blue, Green & White

For use wherever a warning light is needed and no power source is available. Oversize loads, temporary cranes, trailers, agricultural equipment, off road equipment, pedestrian safety, etc.

· All New Solar Charged Unit
  - NO Batteries required
· Charges during daylight hours and flashes after dark
· Rechargeable battery flashes for 30 hours on a full charge
