Promising Focus On YOU, Our Customer, In Today's Busy World

After 150+ years, I can say our company has changed a lot since it was founded by my great grandfather, Christian Henry Hanson, in 1866. We have grown out of several facilities and introduced thousands of new products; but one thing that has never wavered is our commitment to the customer. We work each day to Glorify God by delivering on our promise to help you succeed.

We strive to be...

INNOVATIVE

Always improving, always creating

AVAILABLE

Get what you need, when you need it

ECONOMICAL

High performance at the most competitive price

TRUSTWORTHY

Always doing the right thing

Your partners at C.H. Hanson will continue to bring you solutions that support your business today and well into the future!

Blessings,

FIXTURE PLATE WITH MAGNETIC CLAMP

Hanson Part No. 20014

Weight 20 lbs.

The C.H. Hanson Hansco-Mark™ Fixture Plate with Magnetic Clamp is an attachment part for the Micro-Percussion marking machine (Model #MP150i, C.H. Hanson #20000). The fixture plate and magnetic clamp are designed to secure your name plate and tag during the marking operation by; supporting, clamping, and holding the workpiece in place.

#20000 with optional
#20010 C-Axis Pneumatic Chuck and
#20014 Fixture Plate with Magnetic Clamp

Hansco-Mark™ Accessories

C-AXIS PNEUMATIC CHUCK

Model No. 042-A
Hanson Part No. 20010
Weight 49 lbs.

- C.H. Hanson Limited Three Year Warranty
- Most secure way to hold rounded objects and parts while marking, bar coding, scribing
- Fits Micro-percussion marking machine (Model #MP150i, C.H. Hanson #20000)
- Most accurate way to mark rounded parts and maintain a consistent cut depth

The C.H. Hanson Hansco-Mark™ C-Axis Pneumatic Chuck is an essential accessory when marking round parts. The C-Axis Pneumatic Chuck fits the Hansco-Mark™ micro-percussion machine (MP150i). When particular applications call for permanent marking of cylinders or round parts, the C-Axis Pneumatic Chuck will securely hold the part you wish to mark using compressed air and simultaneously spin the part as the micro-percussion marks. This precision machined unit allows for accurate and consistent marking depth on rounded objects and parts that would otherwise pose as a challenge to mark properly.

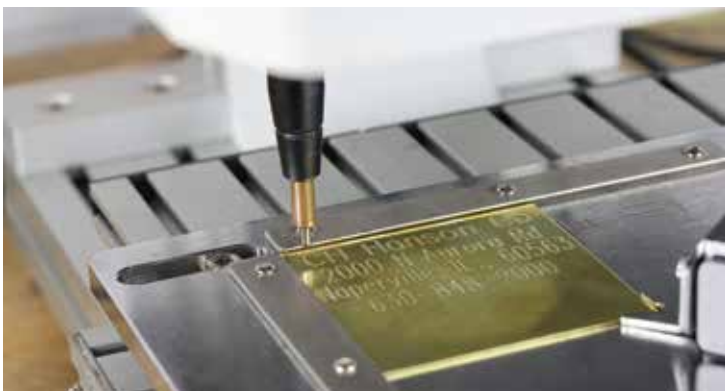

REPLACEMENT ENGRAVING BIT

Hanson Part No. 20012
Weight 3.3 lbs.

- Oil hardened steel for maximum durability
- Length: 5"
- Fit both Hansco-Mark permanent marking machines (Model #MP5-P and #MP150i)

The C.H. Hanson Hansco-Mark™ Replacement Engraving Bit can be used on either Micro-Percussion marking machine (Model #MP5-P and #MP150i). This bit is produced from quality steel and oil hardened for durability.

STEEL STAMPS

Individual Letters

Individual Numbers

Reverse

Sharp faced characters, extra deep cut for marking drop forging dies, die castings, forming dies and molding applications. On a mold stamp the character is engraved normal and reads left to right giving a reverse impression in the mold. When the product is removed from the mold, the lettering produced is raised and can be read normally.

Round Face

Characters are continuous line, round face not sharp like other stamps. Used where reduced stress marking is required.

Spanish

Lower Case

Dot

Offers the most reduced stress mark by producing a character that is impressed in a dot formation. Used where reduced stress marking is required.

Statement, Code, & Symbols

Allow for production and quality control through permanent marks stamped on part for certification/inspection.

Type & Type Holder

Steel Type and Type Holders provide the answer for all batch and general purpose marking. Simply build a series of characters into a holder and with just one strike produce a multi-character mark.

PRODUCT RETURN POLICY

(see detailed policy below)

Return Requests must be approved by C.H. Hanson with an RGA number and sent prepaid. These returns will be subject to an inspection (for original condition) and assessed a restocking fee. All shortages must be reported within 30 days. No returns will be accepted after 45 days from the date of shipment by C.H. Hanson. Custom made items cannot be returned.

DISCLAIMER OF IMPLIED WARRANTIES AND LIMITATIONS ON CONSEQUENTIAL DAMAGES. THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS WITH RESPECT TO THIS PRODUCT. NOR ARE THERE ANY OTHER WARRANTY TIES WHICH EXTEND BEYOND PROVISIONS OF THAT ATTACHED PRODUCT RETURN POLICY.

In any event no implied warranty of merchantability or fitness shall be of a duration greater than the duration referred to in the foregoing Product Return Policy.

C.H. Hanson shall have no liability whatsoever for CONSEQUENTIAL DAMAGES

C.H. Hanson rejects any contradictory or additional terms contained in any purchase order or other document submitted by the Buyer.

On all C.H. Hanson products

- Tapes (Flagging, Barricade, Stake Flags, all Tape items): 30 Day Warranty
- Marking Tools (Paint Markers, Crayons, China Markers, Paint Crayons): 30 Day Warranty
- All other C.H. Hanson product will fall into a Lifetime Warranty with exclusion of abuse (Limited Lifetime Warranty).

Tax Exemption

Illinois, California, Michigan, and Washington state law requires C.H. Hanson to collect sales taxes. It is the responsibility of the buyer to provide a hard copy of the applicable exemption certificate. Actual sales tax is calculated at time of shipment and reflected on the final invoice.
